READING

10 marks

Read the information text carefully. Choose the best answer for each question.

CURRICULUM FOCUS

animal protection and environment

Many people in Oman work to protect animals and the places where they live. Beach teams clean plastic from turtle nesting areas. When beaches are clean and dark, turtles can come from the sea and lay eggs more safely.

Other teams study whales and birds. They take notes, count animals and teach people how to keep the environment clean. The more people know about animals, the better they can protect them.

Children can help too. They can pick up rubbish, use less plastic and remind family members not to disturb wild animals. Protecting nature is not one big job; it is many small careful actions.

1. What do beach teams clean?

○ coffee ○ rockets ○ plastic

2. Which animals nest on beaches?

○ turtles ○ gorillas ○ camels

3. What helps turtles lay eggs safely?

○ beaches ○ lights ○ music

4. What do other teams study?

○ shops ○ wildlife ○ phones

5. What do teams teach people?

○ toaster ○ environment ○ money

6. Who can help too?

○ children ○ doctors ○ captains

7. What can children pick up?

○ rubbish ○ medicine ○ Moon

8. What should children use less?

○ homework ○ plastic ○ water

9. What should families not disturb?

○ email ○ bags ○ animals

10. What is protecting nature?

○ actions ○ noise ○ trip

READING SCORE

___ / 10

Helping Animals in Oman

Reading Test Grade 5B Unit 5
